

## Junior & Adult Program - CODING & ENGLISH CAMP

Learn English and  
Coding in London

For individuals (16+)  
For junior group (14+)

New course for 2018: English + Coding and App development course  
by Nacel English School London

English + Coding are two key professional skills in our current and future economy and society. English language skills are a must for Coding and Computer Programming activities: give yourself the opportunity to try something different!

## Learn 2 skills in 1 trip

Our educational concept is to give students the opportunity to practice their language skills in real situations, gain confidence and believe in their knowledge and capacity to learn something new. Our educational programs should contribute to foster a new generation of innovators and global leaders.

The English Programming camp combines English language tuition in the morning with various Coding and Development courses in the afternoon. It gives students the basics of Coding and Programming and opens their mind to a complete new world of personal and educational development.

Courses available:

- *Unity Game Development with C#*
- *Web Development*
- *Python Programming*
- *iOS App Development*
- *Android App Development*
- *Java Game Programming*
- *Tech Entrepreneurship*

*Available all year round for closed groups.*

### Junior program :

- From 1 week
- Residence or homestay
- 15 hours/week of morning general English and IT/Coding vocabulary
- Up to 15 hours/week of coding course by specialized experts used to teach technologies to young learners
- Oyster card
- Nacel English School friendly staff support
